

PUMP

ONLINE INTERACTIVE WORKSHOP, SEPT 27 - OCT 1, 2021

We meet every day, 5 hours each day

A message from PuMP Partner for North America, **Louise Watson** and PuMP creator **Stacey Barr**

WHY MEASUREMENT, AND WHY NOW?

As we continue to live in an uncertain world, we must focus our attention to being more resilient organizations. Crisis has taught us how important it is for leaders to provide focused direction with clear, easy to understand and actionable language. We experienced how valuable it is to have data and insights we can trust to guide our decision-making.

So how do we prepare for resilience? We need to ask ourselves: Can we afford to lead with strategic direction that is vague, unfocused, and immeasurable? Can we afford the luxury of so many goals, projects and initiatives like we used to have? Can we carry the wasted effort we used to? Can we afford to guess and hope our way to better organizational performance and to better data and analysis? Can we use our KPIs without judgement and turn instead to using them for learning?

It's time to invest in bouncing back better. One of the vital fundamentals for our organizations is the kind of measurement that supports ruthless prioritization, evidence-based decisions, and high-ROI change initiatives.

The PuMP Online Interactive workshop is designed for you specifically, with this in mind. It's not just our in-person training, delivered online. It's much more than that...

WE MADE LEARNING AS STRONG AS A LIVE WORKSHOP...

This program is not just training. We have created a learning environment with live interaction, facilitated demos, break-out room activities and feedback from our expert learning facilitator. You also have the benefit of being able to participate from wherever you are.

- You'll **keep productive and engaged** during this remote working period, making time to do the important measurement work that often takes a back seat to the urgent to-do list.
- You'll **lay a foundation to bounce back**, because learning how to provide focus in your strategic direction and measuring it well means you can respond faster to new targets, fewer resources, and shifting strategic directions.
- Your learning can be deeper and stay with you more easily as you learn over 1 week, helping you **take a profoundly important new skill into the new normal.**
- **Feedback for PuMP workshops** have received an average "likelihood to recommend" of 8.9 out of 10 over the last 7 years, with our online interactive workshops receiving an average of 9.2 out of 10.

PUMP

ONLINE INTERACTIVE WORKSHOP, SEPT 27 - OCT 1, 2021

We meet every day, 5 hours each day

WHAT IS PuMP?

There are universally common struggles that are evidence of poor organizational measurement.

You'll observe immeasurable goals, irrelevant measures, no workforce buy-in, and useless dashboards and reports.

These struggles are due to bad KPI habits that have become common practice. You'll witness goals written with vague corporate jargon and fuzzy language, groups brainstorming KPIs, leaders using measures to judge people, and teams rushing to build dashboards that end up never being used.

PuMP is a performance measurement methodology that was designed to deliberately replace those bad KPI habits with practices that work.

PuMP ends your KPI struggles.

WHY PUMP WORKS

We need a strong performance culture to bounce back after crisis. PuMP is the way to create your performance culture:

- It starts by replacing fear of judgement with a passion for learning how to improve performance.
- Then, we set clearer goals, and measure them meaningfully, at all levels of the organization.

- Now, we have useful information for evidence-based decisions that improve performance.
- This becomes a natural part of how we work - we reach meaningfully chosen targets, and we lead our industry.
- We become a high-performance organization, meaning what we aim for, we achieve - not because it is easy, but because we are focused.

HOW OUR ONLINE PROGRAM WORKS

PuMP is a practical, logical and engaging 8-step process to choose, create and use measures to drive high-ROI improvement:

The PuMP Online Workshop is an interactive 1-week program, delivered entirely online with a live trainer and a focus on learning, connecting and implementing.

The PuMP Online Workshop is a powerful learning alternative to the in-person 3-day workshop.

PUMP

ONLINE INTERACTIVE WORKSHOP, SEPT 27 - OCT 1, 2021

We meet every day, 5 hours each day

The PuMP Online Workshop program [guides you through your first practice using PuMP tools with 100% virtual resources and interaction as support:](#)

- Learn online, via live and interactive webcasts
- Download all the support resources you need
- Follow along with our live demonstrations
- Implement and learn with your peers, as you practice new techniques
- Collaborate with other program participants

And after our final lesson, we'll still support you as you continue to implement PuMP into the future:

- [Free membership in our online PuMP Community](#), with access to more resources.
- [All lessons are recorded](#) for between session replays (in case you miss one) and will be available during the dates of the workshop only.

YOUR PRESENTER IS A KPI EXPERT

Louise Watson, Licensed PuMP Partner for North America has been applying, facilitating, training, and coaching PuMP and Evidence-Based Leadership concepts since 2013. With her lively and collaborative style,

she delivers all public and private PuMP® Workshops and Evidence-Based Leadership Programs in North America.

As Managing Director of Adura Strategy Inc, she specializes in strategy as well as performance measurement. Her rare perspective of what it takes to develop strategy as well as lead its execution comes from more than a decade of consulting experience and her previous career as a C-suite executive.

"Thank you, Louise, for the excellent PuMP workshop. It's the first KPI training that has given me practical ideas and tools that I'll be able to implement back at the office. It's refreshing to learn both solid theory and tangible ways to make it real I left the training with a list of action items that I fully plan to pursue"

Benjamin Roffey, Canadian Food Inspection Agency, Government of Canada

Participant Feedback from our 2021 PuMP Virtual workshops included

Average Likelihood to recommend: 9.2 out of 10, 2021 PuMP public online workshops

"I believe this is great training for all organizations"

"It will refresh how we do performance measurement completely"

"I found every step extremely valuable with something new to learn, something new to reflect on and think about"

"Course content and delivery are so powerful, yet very simple, it's hard not to apply at your unit level even if one can't make organizational changes."

"Loved the content and Louise's delivery!"

BECOME PuMP CERTIFIED

PuMP is certified by APMG, the world's leading accreditation and exam institute for professional certifications.

After completing this live online program, you can choose to take the PuMP Certification exam. All the details to get certified will be provided when the course is completed.

"The PuMP workshop was an amazing experience that changed my career trajectory. The material was so practical, and Louise's facilitation was so incredible, that I feel well prepared to put it into practice right away"

Elizabeth F, Provincial Government, Ministry of Finance

THE PROGRAM SCHEDULE

This program has been designed specifically for our customers in PuMP's North American region and will follow the five-session schedule outlined on the next page. Plus, we will have a brief, but critical orientation session a few days in advance. See schedule for details.

Upon receiving your paid registration, we will reach out to you to gather more information and send you a detailed welcome package.

ONLINE INTERACTIVE WORKSHOP, SEPT 27 - OCT 1, 2021

We meet every day, 5 hours each day

Dates & Times	Topic
Tue Sept. 21 9:00 - 10:30 AM Pacific Time 12:00 – 1:30 PM Eastern Time	SESSION A: Welcome, Orientation & Introduction to PuMP Connect with your workshop peers and meet your learning facilitator. Become familiar with our learning platform, review pre-workshop action steps, and get introduced to PuMP, your workbook, the Case Study and small group practice sessions.
Mon Sept. 27 9 AM – 2 PM Pacific Time 12:00 – 5:00 PM Eastern Time	SESSION B: Step 1 Understanding Measurement's Purpose Fix your focus firmly on continuous improvement, apply a measurement diagnostic, and reframe your measurement beliefs. PuMP Step 2 Translating Strategy to Measurable Results and Map them Learn and practice how to make intangible goals measurable, and how to improve the way we communicate and cascade strategy.
Tue Sept. 28 9 AM – 2 PM Pacific Time 12:00 – 5:00 PM Eastern Time	SESSION C: Step 3 Designing Meaningful Measures Learn and practice how to design the strongest, most feasible quantitative measures and write measure descriptions that follow an evidence-based recipe. PuMP Step 4 Building Buy-in to Measures Learn how to quickly and easily engage people in KPI conversations so that our measures improve from feedback and people feel ownership (in-person and virtual approaches).

Dates & Times	Topic
Wed Sept. 29 9 AM – 2 PM Pacific Time 12:00 – 5:00 PM Eastern Time	SESSION D: PuMP Step 5 Implementing Measures Learn and practice how to define the details needed to consistently and accurately implement quantitative measures that produce data leaders can trust. PuMP Step 6 Interpreting Signals from Measures Learn what it takes to accurately interpret a performance measure's data and identify true signals of change in your charts.
Thu Sept. 30 9 AM – 2 PM Pacific Time 12:00 – 5:00 PM Eastern Time	SESSION E: PuMP Step 7 Reporting Performance Measures Learn what makes performance reports and dashboards truly useful and usable, so leaders can answer the three critical questions all performance reports must answer. PuMP Step 8 Using Measures to Improve Performance Deepen your understanding of the role of measures in strategy execution and performance improvement.
Fri Oct. 1 9 AM – 2 PM Pacific Time 12:00 – 5:00 PM Eastern Time	SESSION F: Practice PuMP Steps 2, 3, 4 with an organization's goal Apply what you learned to a "real life" goal, making it more measurable, designing a measure for it, then receiving feedback from peers. Prepare to put PuMP into practice back at work and lead a performance culture Review PuMP fundamentals such as how to form a measures team, pilot planning, certification, and the additional resources that increase your likelihood of implementation success.
